

**Interagency Conference Call  
February 11, 2016**

Participants

NHDOT:	Linda Dusenberry, Carol Macuch, Glenn Davison
FHWA:	Leigh Levine
SNHPC:	Tim White, Julie Chen, Adam Hlasny
SRPC:	Chris Scheiner, Colin Lentz
RPC:	Dave Walker
NRPC:	Julie Chizmas
LRPC:	Dan Callister
SWRPC:	J.B. Mack
CNHPC:	Dean Williams

1. Minor Revisions February – Linda Dusenberry reviewed the draft minor revisions for February. It was noted that many of the project changes resulted from adjustments to the inflation rate. Project 16344F (Hazmat), which is an annual standalone Statewide project, was included in Amendment #1. It is being removed from the STIP. It was noted that the ROW work for Milford to Nashua 10136 will not be completed until 2017. The grant amount for Ossipee 23818 is capped. The 2016 inflation for Peterborough 15879 has been removed.
2. Other Business – The group discussed the status of STIP Amendment #2, with it being noted that NRPC and SNHPC had approved the amendment and RPC and SRPC had yet to approve it. SNHPC enquired as to if NHDOT had received the approval documentation sent on 01/27/16 and it was noted that NHDOT would contact SNHPC if further information was needed. Glenn Davison noted that STIP Amendment #3 would be discussed at the Interagency Conference Call in March. He added that the PROMIS project updates will be complete with the approval of STIP Amendment #3.
3. Next Meeting – March 10, 2016
